FOR IMMEDIATE RELEASE

Sedgwick County Advance Voting Starts Today

(Sedgwick County, Kansas) – Advance voting begins today and Sedgwick County wants to answer any questions citizens may have about the voting process and remind citizens of the new satellite advance voting location at the Sedgwick County Extension Center.

Most people are not aware that **any registered voter** in Sedgwick County is eligible to vote in advance of the election. Advance voter applications are available through the Sedgwick County Election Office beginning October 16 and ending November 4 at noon. Applications are also available online at www.sedgwickcounty.org. Satellite advanced voting will be located at the Sedgwick County Extension Center, 7001 W. 21st Street, beginning Wednesday, October 16 and ending Friday, November 1 at 8 p.m.

“I’m glad we have options for citizens to encourage them to participate in the voting process,” said Chairmen Ben Sciortino. “It’s always helpful when we can take services to citizens where they live.”
